

# Open Space Committee Meeting Minutes

March 13, 2008

The Open Space Committee meeting was called to order at 7:20PM on March 13, 2008

## **Attendees:**

Russell Fuller, Chairman  
Denise Hoffman, Secretary

## **Old Topics:**

**Doggie Stations:** Committee discussed locations for the remaining station that was previously at the Walgreens site. Requests have been made from the community for a station on Sprucegrove Square as well as along Ashburn Road near the path as it goes to the new community. Both were discussed and it was decided to place this station at the Ashburn Road location. Russ stated that he will install the station.

**Playground Safety Checks:** Russ will contact Audra about getting estimates for these.

**Basketball and Tennis Courts:** Money for repairs to come from Reserves. Audra seeking estimates.

**Landscaping around courts sign:** Current landscaping appears to be in poor shape. The Hollies have exposed roots and some dead branches. The smaller shrubs will need to be assessed when spring growth starts. The sign needs painting and overall the area needs a lift. Denise will create Landscape suggestions, and seek estimates for plants, with the idea of having a volunteer event to redo the area. Russ will also seek an estimate from Blade Runners for comparison.

## **New Topics:**

Russ wants to get maps for the community clean up so that volunteers can be directed to various locations in the neighborhood. He will pull these together for the May 17 event.

The new open space charter was distributed.

The OSC meeting was adjourned at 7:55 PM
